

ABOUT THIS COFFEE

Verbena Coffee is a tribute to the vibrant spirit of Génova, a town nestled in the misty highlands of Quindío. This blend unites the work of several small farms whose roots run deep in volcanic soils and ancestral coffee tradition.

The terroir of Génova is alive with floral corridors, forest edges wrapped in clouds, and fertile earth that nurtures both biodiversity and flavor. From this harmony emerges a cup with bright aromatics, subtle florals, and a balanced body that lingers gently, like the fragrance of verbena carried on a mountain breeze.

Verbena Coffee is more than a blend it is a meeting point of landscapes, families, and traditions, woven together in each harvest to celebrate the richness of the Andes and the timeless legacy of Colombian coffee.

Producer	Sudus
Species	Arabica
Varieties	Castillo, Colombia
Process	Washed
Drying	Greenhouses
Altitude	1500 - 2000
Harvest	May - July
Type of harvest	Manual
