

ABOUT THIS COFFEE

This Pink Bourbon comes from Finca El Porvenir, nestled in the highlands of Totorá, Cauca, where volcanic soils, cool mountain air, and rich biodiversity create the ideal environment for high-quality coffee production. The variety itself—a rare natural hybrid of Red and Yellow Bourbon—is known for its vivid character, floral complexity, and elegant structure.

At El Porvenir, this Pink Bourbon is fully washed, with controlled fermentation and careful manual washing to preserve the clarity and integrity of the cup. Grown at high altitudes and processed with precision, this coffee reveals a bright, clean, and vibrant profile.

In the cup, expect citrus brightness, silky body, and a refined sweetness, with tasting notes of orange blossom, mandarin, red berries, and hints of black tea. The finish is lingering, floral, and refreshing.

Farm	El Porvenir
Producer	Pedro Fabian
Species	Arabica
Varieties	Pink bourbon
Process	Washed
Drying	Greenhouses
Altitude	2150
Harvest	March
Type of harvest	Manual
