

LEOPOLDO ANDRADE

Ecuador • Oriente

ABOUT THIS COFFEE

After more than thirty years in the banking sector, Leopoldo Andrade decided to turn to high-quality coffee production alongside his brother. Together, they established two 19-hectare farms, set deep in the Amazon rainforest, in Ecuador's Oriente region. The plots host a wide range of varieties: Typica, Pacamara, Java, Yellow and Orange Bourbon, Catuai and Geisha, as well as the Sidra variety, from which this microlot is produced.

Producer	Leopoldo Andrade
Species	Arabica
