

## ABOUT THIS COFFEE

Namisuni is a subcounty located in the Mount Elgon region of eastern Uganda. Its high elevations and fertile volcanic soils provide favourable conditions for growing high-quality Arabica coffee.

In the local language, the name Namisuni means “the place of the short throwing sticks.” It refers to the traditional practice of throwing short sticks to bring down ripe fruit growing on branches that are too high to reach.

The Coffee Yard (TCY) is a small company based in Mbale, Uganda. It was established in 2018 by a group of women with the technical and managerial support of Norman Mukuru. TCY believes in a strong vision of empowerment and quality.
