BRÉSIL — CERRADO — MARIA

SCAN THE QR CODE FOR MORE INFO ON BELCO.FR

This natural process coffee comes from Fazenda Semente, located in Patrocínio, in the Cerrado Mineiro region of Brazil. It is produced by Maria Vitória's family, who perpetuate a coffee-growing expertise passed down through nine generations. Her grandfather, Edmundo Aguiar, was notably among the pioneers who developed coffee cultivation in this region during the 1970s.

Today, Maria Vitória helps manage the farm alongside her mother, her brother José Lucas, and her sister Eugênia. Together, they are exclusively dedicated to the production of specialty coffees, paying particular attention to variety selection and mastering post-harvest processing steps.

Farm	Fazenda Semente
Species	Arabica
Process	Natural
