WASHED

DECAFFEINATED IBIS

The IBIS decaf from the Pijao region is our Pueblo Sin Prisa decaf sugar cane.

Transition to organic farming

Don Jesus Maria Pedraza is the spokesperson for an association of 20 producers who share a common vision of agriculture. Self-sufficient at 85%, Don Jesus is transitioning his farm to an organic and shady plantation. In order to work in harmony with his environment, he prefers to reduce the number of coffee trees in order to produce less but better.
