

ABOUT THIS COFFEE

This fully-washed Yirgacheffe coffee is harvested and prepared by Metad at his farm in Chelchele, some 400 km south of Addis Ababa. The group was created by members of the diaspora who had returned to their countries of origin having spent years in the United States. They want to increase recognition of Ethiopia's most famous product – coffee – on the international market. Eager to make coffee production great again, they offer a finely traced, quality, semi-washed coffee with an intricate cup. It is this approach, combined with the company's involvement in development projects, convinced Belco to build a strong partnership with Metad.

Producer	Metad
Species	Arabica
Varieties	Heirloom
Process	Washed
Drying	Drying beds
Altitude	2000
