ABOUT THIS COFFEE

This coffee comes from the small area of Piedra Candela, located in the Juruntugo terroir in the region of Chiriqui. It is a high-altitude area that borders Costa Rica, offering contrasting panoramas of both forest mountains and cliffs. The Gallardo sisters, Dafne and Damaris, have been producing coffee at their family farm for over 20 years.

What is a WOMEN COFFEE?

We decided to support women producers by identifying their coffees with a WOMEN COFFEE logo.
Why?
Because women play a vital role in the industry, they have a strong involvement in the farms and represent more than 70% of the labour force in the fields, harvesting, sorting the beans...
However, only 10% of them are entrepreneurs and only 20% are landowners (including joint ownership with their spouses).
Increasing the income of women producers has a direct and positive impact on the education of children and the comfort of the home.
