

ORETI ESTATE – AA

Kenya • Province Centrale • Thika

ABOUT THIS COFFEE

SL28 is widely considered Kenya's finest variety.

This AA grade (screen size 18+) lot represents the largest and most prized bean size in Kenya's grading system. Grown on Oreti Estate's ridge below the Aberdare Mountains at 1,525 meters, the SL28 benefits from deep red volcanic soils and careful agronomy.

The washed process involves hand-picking, pulping, fermentation in water tanks, thorough rinsing, and sun-drying on raised beds, is carefully managed by Boyce's 30-year-experienced wet mill manager and his team of 40 permanent employees. During peak harvest, up to 300 seasonal workers join to ensure timely and efficient processing. Boyce Harries, who took over management in 2004, has been driving innovation, including the development of natural and honey processes. Belco has been buying directly since 2017, ensuring full traceability from Oreti Estate to your roastery.

Farm	Oreti Estate
Producer	Boyce Harries
Species	Arabica
Varieties	SL 28
Process	Washed
Drying	Drying beds
Altitude	1585
Harvest	October - January
