

BLUE MOUNTAIN — CINCHONA

 Jamaica • Blue Mountain • Blue Mountain

ABOUT THIS COFFEE

This coffee meets the criteria of JACRA (Jamaica Agricultural Commodities Regulatory Authority) and Belco's quality standards.

It is called Blue Mountain, referring to the name of the mountains where it grows, the Blue Mountains, located in the east of the island.

This Blue Mountain Typica varietal grows between 1100 and 1200 m altitude. It undergoes strict quality control, performed twice to select only the finest beans. Its unique taste profile and special flavors make this coffee one of the most renowned worldwide.
