ABOUT THIS COFFEE

Apaneca is a municipality located in the department of Ahuachapán, El Salvador, and is widely recognized for its mountainous surroundings, temperate climate, and importance within the Ruta de las Flores (Flower Route). Agriculture is the economic pillar of Apaneca, with coffee farming being the most prominent activity.

Coffee growing is a deeply rooted tradition in Apaneca, passed down from generation to generation, and constitutes an essential part of the municipality's cultural identity. Coffee generates direct and indirect employment for a large part of the population, especially during the harvest season (cutting) between November and March and contributes to the development of small businesses (cafés, cooperatives, craft sales), which diversifies the economy.

Los Naranjos Café was founded in 2015 and, initially all of its production was outsourced until Los Naranjos coffee mill was built in 2019.
